

## Setting up your shuffleboard.

WE RECOMMEND SETTING UP YOUR TABLE ONCE AT THE BEGINNING OF THE DAY. BE SURE TO RE-LAY IF IT GETS A LOT OF USE TO MAINTAIN OPTIMUM GAMEPLAY CONDITIONS.

### CLEAR THE TABLE.

Wipe old powder off the table with a board wipe.

2

### SHUFFLEBOARD CLEANER.

Spray cleaner across the playing surface and wipe down until dry.

### SILICONE SPRAY.

Don't be tempted to skip this step! Apply a thin layer of silicone spray over the entire playfield. This helps to keep the powder in place so you don't have to re-lay as often.

4

### POWDER.

Sprinkle an even layer of shuffleboard powder over the silicone spray. Avoid big clumps to ensure pucks glide smoothly down the table.

5

### PLAY SHUFL.

You've successfully set up your shuffleboard!

## TOP TIPS.

Our spill-proof playing surface will help protect against moisture but make sure you still mop up any spilt drinks as soon as possible!

Vacuum up excess powder from the cradle once a week to keep your table looking pristine.
